Open the back gate and wander around the Hume Weir. This 3 bedroom home also has a bungalow with bed and living area along with its own hot water and shower.

Brand new living area floors and a newly renovated bathroom.

Fantastic alfresco area with views to the weir water or parklands, depending on the season.

The 8.7mx3.6m shed has a extra large door to accommodate the motor home or boat, with room left for the Jet ski, and is accessible from the rear gate.

This immaculately maintained brick home has 3 bedrooms with robes, the bathroom has only just been completed with a reno, and there is a separate toilet.

The kitchen is open to the living and you can cook and talk! Even the alfresco with its triple glass sliding doors makes it easy conversation from the kitchen.

The yard is well landscaped and easy care, with a couple of smaller garden sheds.

Privacy is ensured with lovely wooden screen fencing to the side, while not intruding on the wonderful views to the Weir.

The bungalow offers great flexibility for accommodation.

There is even an outside toilet.

I cant imagine this property not selling quic
